Canada’s economic capital, Toronto, is a city with an impressive list of credentials - the largest city in Canada, the fastest growing financial center in the G7, and one of the most dynamic, yet liveable, cities in North America.

With more than half its residents born outside of Canada, Toronto offers world-class arts, entertainment, and cuisine drawing from cultures near and far. From film festivals to museums to professional sports franchises, the city offers something for everyone.

"I am given a lot of freedom in my internship, whether presenting new ideas for communications or social media outlets. I feel I have gained from the openness of the workplace and therefore became more confident in my work."
